### Turtles Home Learning June- July

- Please continue to add all the fun things you are doing onto flipgrid.
- If you haven't already seen on flipgrid under phonics I have recorded the action and sound for each letter of the alphabet
- With access to libraries, classrooms and bookshops limited for many, we've been busy finding some of the best online storytimes for children to access freely at home. The QR codes and links in the document link to story readings on Youtube and all of the books we've chosen are read aloud by their fabulous authors and illustrators.

- Hide some brightly coloured toys around the garden and ask your little one to see if they can find them – make sure you remember which toys you've hidden, and most importantly, where!
- Lie on the ground and look for shapes in the clouds
- Draw shapes in the dirt with sticks
- You don't always need paint to create a masterpiece – a dry day is the perfect time to get creative using nothing but a paint brush and a tub of water. Try different techniques – splashing, flicking, smoothly painting...
- Collect sticks and leaves and use them to create different shapes on the ground – a square with a triangle on top looks like a house. Experiment with different shapes to see what your inventors can create.
